Casterton Village Plan 2030

Dear Casterton village community,

Whether you are a permanent resident, a business, 2nd home owner or regular visitor, Casterton is a great place to live, visit and work, but are there things we could do to improve it? We are a group of village residents who have got together, with the support of Casterton Parish Council, to generate a plan for the village through to 2030. We would also like to find out from the Casterton community what could be improved around the village to "*Make Casterton a great place to live, visit and work*".

To do this, we will:

- Gather the opinions of the village community (residents, 2nd home owners, businesses, the school and local farms etc.) on the things that would improve the village for everyone.
- Use these opinions to create a set of proposed improvements.
- Consult the community on these proposals.
- Build a plan for projects (small and large) based on the outcome of the consultation with the village community.
- Present the plan to Casterton Parish Council for acceptance.

During March and April, we will be sending a questionnaire asking for your suggestions for things that could be done to improve the village. To make sure that we don't overlook anything, we would like to hear from you with your initial views and thoughts on things we should focus on. For example, improvements to footpath signage or use of the village hall for more events for the village community.

Please take a few moments to complete the initial comments form below and return it to us by 3rd March in the village hall postbox using the envelope provided or email your comments (using the format below) to the email address below.

Yours sincerely,  
Casterton Village Plan 2030 Project Team

I think the Village Plan should focus on the following things that would improve the village:
