At the end of the cars parked alongside Casterton Garage on the main road, go over the stile on the left hand side and follow the footpath across two fields then exit onto Colliers Lane via a gate. Turn left out of the gate on Colliers Lane and walk about 100m to the crossroads. Turn right at the crossroads to High Casterton. Turn right onto Laitha Lane. After about 200m, the lane turns into a bridleway which you follow to a T-junction, where you turn left and follow this bridleway to the caravan site. Walking between Casterton and Devil's Bridge

- Walking from Casterton to Devil's Bridge and Kirkby Lonsdale or vice-versa along the main road (A683) is unpleasant and DANGEROUS
- Alternative, safe routes start or end at Casterton Church or Casterton Garage and use a mix of quiet, narrow roads and footpaths/bridleways.
- These routes are shown on the map and are described on the back of this leaflet
- The descriptions are written starting at Casterton; simply reverse them when walking the other way. All three routes end/start on the path at the far left corner of the car park loop road east of Devil's Bridge.
